

Great Rottweilers from OZ

' Includes pictures of most Imports '

Over 150 photos.

First Edition 2012.

A pictorial history of the Great
Rottweiler's that helped shape this
majestic breed in Australia

This was compiled with the help of so many people sending in old photos of Australian Rottweilers from the past.....

It is their wish that this be a legacy for breeders and owners of the future & that it remain FREE, for any one to download or copy, never to be owned or sold for profit by anyone person. It may be put on CD & sold by clubs the proceeds of such sales to benefit the breed.

NOTE : Photos are compiled in specific groups only not in preferred order of the dogs status or contribution.

History of the Breed in OZ

Australia owes its thanks to Captain Roy Smith and Mr & Mrs Mummery of "Heatherglen Kennels" for the introduction of this majestic breed. In 1958 the Mummery's travelled to Europe, the US and England in search of good working Police dogs to bring back to Oz. Unfortunately as fate had it the male they purchased named "Zhar" died from heat stroke on the ship to Australia, so their breeding programme never got off the ground.

It wasn't to be until in 1962 Captain Roy Smith emigrated to Australia bringing with him a dog and a bitch "Rintelna the Dragoon" and "Rintelna the Chatelaine." They whelped the first litter to be born in Australia at the Perth Quarantine Station on Sept 2nd 1962 six puppies. As suitable homes could not be found all but one pup was destroyed "Rintelna the Empress" she was sold to Mr De Jonge in South Australia.

In 1963 the Mummery's imported "Pilgrimsway Loki" and bred him to "Rintelna Fatale" whom they had earlier purchased from Roy Smith's second litter. This was the first litter registered in Victoria under the "Heatherglen" prefix Dec 5th 1965.

The HEATHERGLEN (Mummery's) and ROTVEL (Pherrson) prefixes were the first prefixes to register Rottweiler litters in Victoria, followed in 1969 by AUSLESE (Pettengell's) and JIMNAM (Steward) then in 1972 by KERUSGAL (Terry's). The beginning of the Rottweiler in Australia was now well underway.

Rottweiler Clubs in Australia were later Established as follows:

- Rottweiler Club of Victoria 1971
- Rottweiler Club of South Australia 1975
- Rottweiler Club of New South Wales 1976
- Rottweiler Club of Queensland 1982
- Rottweiler Club of Western Australia 1984
- Northern Districts Rottweiler Club of NSW
- Rottweiler Club of the Northern Territory

A Rottweiler for all reasons — a showing Champion, Multiple "In Group" and "In Show" winner and a superb hunting dog. A 26" tall, powerful dog possessing great speed, stamina and a desire to work. This working temperament together with his super eye colour, topline, bone & colour are strong points prevalent in his offspring. If you seek strength, correct size and a working ability then this is the stud for your bitch.

Many thanks to those who helped to
compile & edit, also the many people who
dug through old boxes to supply photos for
a pictorial History of this majestic breed.
